CERTIFICATION

STANDARD	IOC/T.15 No 3 — Extra Virgin
FOOD SAFETY	ISO 22000 compliant
TRACEABILITY	Batch-numbered, full chain
CERTIFICATES	Available on every order

KALA 5L Reserve is the standard professional kitchen format. Cold-extracted within four hours of harvest, nitrogen-flushed, batch-numbered. Designed for the working kitchen that refuses to compromise on specification. The same Memecik grove, the same October press — without the allocation constraints of the limited Harvest Edition.
